VIRTUAL FANCONI ANEMIA GRIEF SUPPORT GROUPS

DOES THIS SOUND LIKE YOU?

Calling for individuals who feel passionate about companionship with others through their grief. The Fanconi Anemia Research Fund is looking for volunteers ages 18+ to help facilitate a virtual grief support group.

In this role, volunteers will facilitate grief groups that offer support and companionship to adults who have experienced the loss of a loved one by Fanconi anemia.

It is our hope that groups will provide a safe, non-judgmental, space where members can share their stories, resources, and connect with others who have walked in similar shoes.

Therefore, we are searching for peer volunteers who are compassionate, committed, warm, empathetic, and willing to give of their time to support others in their grief.

Experience with loss is preferred, but not required.

Volunteers will have the opportunity to participate in a free virtual, comprehensive grief and education training prior to facilitating groups. Previous experience in group facilitation is not required.

We are looking for
volunteers to facilitate
grief support groups in
the Fanconi anemia
community

MORE DETAILS

Join us as we share support and companionship with others who are processing the pain of the loss of their loved one by Fanconi anemia.

At this time, group facilitator positions are available to US residents only and those with proficiency in the English language.
